Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 194 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 194, "the portion of the conveyor along one longitudinal edge", and "the portion of the conveyor along the opposing longitudinal edge" lack proper antecedent basis.

Allowable Subject Matter

Claims 181-193, 195-224 are allowed.

Response to Arguments

Applicant's arguments have been fully considered and are persuasive. The previous art rejection has therefore been withdrawn.
